## ■ **Priority and Preemption**

- Task team met in Boulder, CO in April 2015
- Discussed use cases submitted by task team members in the context of FirstNet applications and services
- Developed draft priority framework

## ■ **Public Safety Grade**

- Task team met in Boulder, CO in April 2015
- Discussed and finalized initial critical infrastructure definitions
- Next steps are to develop a prioritization methodology and geographic/localized threat application framework

## ■ **User Equipment**

- Several conference calls with PSAC Executive Committee and CTO team
- Currently working on Mobile Communications Unit (MCU) and Bring Your Own Device (BYOD) concepts

## ■ Tribal Outreach, Education, and Consultation Strategies

- Tribal Working Group (TWG) conference calls held in April and May 2015
- TWG members had collaborative and productive meetings with SPOCs during the April 2015 SPOC meeting
- Now working to develop guidelines/recommendations for SPOCs to assist them in engaging tribes

## ■ Early Builder Strategies and Lessons Learned

- Working Group conference call held in May 2015
- Subsequent work will focus on regular updates and information sharing among all 5 early builders and documenting non-technical, informal lessons learned
